From the Office

Remember— if you have any new contact information for you or your child's caregiver, such as addresses, or phone numbers, please turn it in to Cheryle as soon as possible!

From the Nurse

Students who are coughing excessively should stay home from school. Keep your student home if the cough keeps them awake at night or if they cough until they gag. Coughs with colds are often caused by excessive mucous in the throat. This can be prevented by nose blowing. To help dry up the nose ask your doctor or pharmacist if a decongestant would be appropriate.

From Social Worker

Do you have questions about Waiver services or establishing Guardianship for your 18 year old student? Give me a call (242-8220), email me at stacie.nessa@dmschools.org
